Weather Forecast.

For North Carolina—Generally fair Saturday and Sunday; warmer Sunday in central portion, light to fresh south winds.

Many a man has no opinion until he finds out what kind of an opinion is best for him to have under the circumstances.

The Czar is mighty slow at executing intended reforms but he executes pretended reformers as soon as he can catch them.

While everybody else may be glad when the prodigal son comes home the fatted calf can be depended on to make a few kicks.

Some men have a knack of making big money but they would be worse than financially embarrassed to let people know how they make it.

The Republicans leaders are talking about restoring war taxes to reduce the surplus. Why not try to increase the surplus by cutting down expenses that are equal to war expenditures?

The extravagance and rascality in the government printery at Washington is one more illustration that the theory of government conducted business is one thing but its practice is appallingly different.

Lieutenant Peary says he wants only $40,000 more to enable him to start towards the North Pole. If anybody will furnish us $40,000 we will guarantee to start towards the North Pole by the first train that leaves.

Col. T. W. Lawson, of frenzied finance fame, had to confess guilt himself in his endeavor to convict Mr. John D. Rockefeller. It may crop out after a while that Col. Lawson will do anything to start a big bear movement in stocks.

Commander R. E. Peary will sail on the steamer Roosevelt in a few days on his expedition in search of the North Pole. Here's hoping the steamer Roosevelt will take care of its friends as well as President Roosevelt takes care of his.

LOCAL DOTS.

—Other local on fourth page.

—Sam Stokes who viciously assaulted Policeman Howell early Wednesday morning was transferred to the county jail yesterday for safe keeping as an insane prisoner.

—A fine turtle was caught by a party from Ocean View Hotel at Wrightsville Beach yesterday. Turtle soup will be on the bill of fare at the hotel Sunday.

—By deed filed for record yesterday John P. O'Sullivan and John A. Cooker and wife, for $55, property on north side of Meares, 155 feet east of Front street, 35x105 feet in size.

—The Raleigh News and Observer, says: "It is currently reported here that Mr. Flagler, the oil king, intends building an elegant hotel at Wrightsville Beach. It will be erected near the Hotel Tarrymoore and will be a beautiful hostelry thoroughly modern in every detail."

—The Tar Heel Juniors defeated the Chesnut Street Giants in a game of baseball at Ninth and Orange streets yesterday afternoon by a score of 7 to 1. Batteries, C. Bergen and F. Taylor for the Tar Heels, and W. Bremer and C. Seifert for the Chesnut streeters.

—The excursion on the steamer Wilmington last night for the benefit of the local post of the Salvation Army had to be postponed on account of the rainy weather. The excursion will now probably be given some time next week, the exact time of which will be announced later.

—The Star was in error yesterday in stating that Mr. H. M. Foard had sold the entire busines of the Carolina Copper Works to Messrs. McMillan Brothers, of Fayetteville. Mr. Foard has sold only the copper business of the company and will continue the electric plating, light repairing and cast iron brazing business on his own account.

—Mr. F. S. DuPre, who for several years past has been connected with the Delgado Mills, has resigned his position in order to go into the cotton milling business in South Carolina. Mr. DuPre will probably leave for his new home the latter part of the present week. He will be succeeded by Mr. G. C. Greer, who will enter upon his new duties tomorrow.

—The Manufacturers' Record of Baltimore says: "The Virginia & Carolina Coast Railroad Co., which proposes to build a line, as heretofore described, from Norfolk, Va., to Beaufort, N. C., with a total length of about 200 miles, has been granted a charter. The company will develop the timber lands of the John L. Roper Lumber Co. in Virginia and North Carolina, and also the Alexander Sprunt timber lands in Hyde and other counties in North Carolina."

THE GOVERNOR'S VISIT.

Merchants' Association Will Give Reception in His Honor.

At a special meeting of the Board of Directors of the Merchants' Association yesterday morning in the rooms of the Chamber of Commerce, upon motion of Mr. M. W. Jacobi and second by Mr. B. O. Stone, President W. B. Cooper was authorized to appoint a committee of ten to arrange for some public entertainment of Governor R. B. Glenn and party while they are here during the encampment at Wrightsville Sound. Five members of the committee are to be named from the local military, and five from the business men of the city. The dates of the Governor's stay at the beach will probably be next Saturday, Sunday and Monday, and it is probable that on the evening of one of the two week days, a public reception will be given at one of the hotels on the beach with the probability of a banquet to follow. However, the manner of the entertainment and all details are to be agreed upon by the committee later.

President Cooper said last night that he would announce the committee on entertainment this morning. He endeavored to communicate with Governor Glenn last night as to what time would be convenient for the entertainment in his honor, but Gov. Glenn was out of the city, and could not be reached at Raleigh. Details of the affair to be given in the chief executive's honor will be announced later.

Present at the meeting yesterday were Mr. Cooper, Mr. C. M. Whitlock, Mr. Wm. E. Worth, Mr. W. E. Predew, Mr. B. O. Stone, Mr. M. W. Jacobi and Mr. George O. Gaylord.

TRIED TO END HER LIFE.

Unfortunate Young Woman May Die of Overdose of Laudanum.

Tired of the immoral life she had been leading and half-crazy as the result of continued dissipation, Rosa Reeves, a young white woman, an inmate of one of the houses of ill repute in the vicinity of Ninth and Castle streets yesterday afternoon made all but a successful attempt to end her life with an overdose of laudanum late yesterday afternoon. The young woman had been despondent a day or two, but her associates, accustomed to periods of despondency among those of their asociation, paid little heed to her condition.

Early yesterday afternoon she purchased a phial of laudanum from a nearby drug store, returned to the house which she called her home, retired to her room on the second floor of the building and drank the contents of the bottle. It was some little while later that other inmates of the house discovered that the woman was in a stupor and a physician was summoned. By the time the ambulance could reach her and she could be transferred to the hospital she had absorbed much of the drug in her system and the hospital physicians had all they could do to revive her.

At 12 o'clock last night Dr. Farthing at the hospital said she had been brought around all right, but that she was not yet out of danger. She was still living at 3 o'clock this morning.

AT CAROLINA BEACH

Plans Now on Foot for Its Development Before the Next Season.

TO BUILD A HOTEL THERE

Double Boat Service With Other Attractive Features at Favorite Wilmington Resort—Sedgley Hall Club Property Sold.

The development of the seaside resorts around Wilmington during the past two years has been wonderful. It has been extraordinary and a subject of frequent remark on the streets. Hitherto this development has been largely confined to Wrightsville and Wrightsville has been on the lips of everybody. This paper is now in a position to state, without calling names or furnishing a bill of particulars, that next season has in store great things for Carolina Beach, the delightful resort touched by Capt. Jno. W. Harper's elegant and fast steamer Wilmington and steam train connection on the lower Cape Fear river. It is a delightful beach well situated as to the mainland and possesses many advantages that have often made the public wonder were not more readily appreciated. The one answer has been, it lacked the magic touch of a developing power.

Next season Carolina Beach is to be developed along broad, progressive lines that will ensure success for its promoters. Capt. Harper is now negotiating with parties for the building of a large and modern hotel there next season and there is every reason to believe the project will go through without a hitch. In fact, one need not be surprised to see the work of development beginning before the end of the present season.

With the new hotel and other attractions that will be provided at Carolina Beach will be a double-boat service there every day during the season. That much has already been decided upon by Capt. Harper. A fast and an elegant steamer to sister the Wilmington will be purchased and a schedule of five trips per day each way with special arrangements to suit the business people of the city who desire to spend their nights at the seashore, will be inaugurated.

This week Capt Harper consummated the sale of the Sedgley Hall property on the beach to parties who have already begun remodelling it with a view of opening there first class boarding and lodging accommodations. The accommodations of this kind now at the beach are pretty well all taken and the preference of the people manifested in this particular has lent encouragement to the further development of the property.

Until the rainy weather set in lately, Capt. Harper says that his boat receipts have been 20 per cent. more than they have been up to a corresponding period any time for twelve years.

Carolina Beach, with the plans now on foot for its development, bids fair to rival any seaside resort on the coast.

New Plumbing Ordinance.

At the City Hall last night there was a conference between the Sanitary Committee of the Board of Aldermen and the plumbers of the city with reference to the new sanitary plumbing ordinance recommended by the Board of Health for enactment into law. The ordinance is fashioned after similar ordinances in other cities but there are many features of it which the local plumbers object to and the conference last night was for the purpose of reconciling differences and arriving at just what will be an equitable regulation of the business. The proposed ordinance is the same that was submitted during the former city administration and is a very lengthy document. It is now in the hands of the Sanitary Committee for report to the Board favorably or unfavorably.

Death of a Young Man.

His many friends and friends of the family will regret sincerely to learn of the death of Mr. E. J. Beach, 16 years old, a son of Mr. and Mrs. G. J. Beach, which occurred last evening at 6:05 o'clock at the family residence, No. 313 North Eighth street, after an illness of some time, during which, he suffered intensely. He was a member of Grace M. E. Sunday-school, and was held in the highest esteem by all who knew him. He leaves his father and mother, two brothers and one sister, who have the tenderest sympathy of friends in their bereavement. The funeral will be conducted from the family residence at 3 o'clock this afternoon by Rev. A. McCullen and Rev. N. M. Watson. The interment wil be in Bellevue cemetery.

Change of Locations.

When the Wilmington Savings and Trust Company gets into its handsome new banking quarters on Front street, the office on Princess street vacated by the bank will be occupied by Mr. W. M. Cumming, the real estate agent. The office vacated by Mr. Cumming will be occupied by Messrs. Dickinson & Davis, insurance agents, who now occupy an office in the Southern building. The changes will take place about August 1st.

RALEIGH EMBRACERY CASE

Defendants Sentenced to Six Months in Jail—Encampment Order to National Gaurd.

(Special Star Telegram.)

Raleigh, N. C., July 14.—Quartermaster General Francis A. Macon, of the North Carolina National Guard issues an important circular relative to supplies, transportation, pay and schedule, and the routing for the various companies for the encampment at Wrightsville, July 20th to 26th, and at Charlotte, August 3rd to 9th.

It states that the camp equipage will be issued in bulk to regimental quartermasters for distribution. Permanent issue of blankets will be made to companies of the Second and Third regiments.

At 7 o'clock this evening Judge Allen, in Wake Superior Court, sentenced Ex-Sheriff J. Rowan Rogers, and J. P. Sorrell, for embracery, in that they approached jurors in the Gattis-Kilgo suit in the interest of the defendants. The sentence imposed is six months in jail each. This is in addition to sentences of thirty days they are serving for contempt of court in the same connection. Earnest appeals in behalf of the prisoners were made by counsel before and after the sentence. Petitions signed by a great number of business men were presented urging the judge to suspend the judgment imposed as they have received sufficient punishment already. The judge stated if good cause was shown for modification of the sentence before court adjourned for the term, he would change the sentence. Additional signatures are being secured for the petition asking a suspension of judgment. Already over seven hundred people have signed it.

(By Associated Press.)

Raleigh, N. C., July 14.—J. Rowan Rogers, ex-Sheriff of this county, and J. P. Sorrell, who submitted to a verdict of guilty of embracery in attempting to influence jurors for President Kilgo, of Trinity, and B. N. Duke, of the American Tobacco Company, in the case of Rev. T. J. Gattis, suing them for $100,000 for malicious libel, were to-day sentenced to six months each in the county jail. They have already served thirty days for contempt of court.

LARCENY OF AN OX.

Young White Man Arrested Here Taken to Brunswick County.

The young white man Canady, arrested here a few nights ago charged with the larceny of an ox from Mr. T. B. Chinnis, of Leland, N. C., was taken over to Phoenix, Brunswick county, yesterday morning and given preliminary trial before Justice F. M. Moore. It was held that there was probable cause and Canady was bound over to the September term of Brunswick Superior Court under bond of $100, which he could not give and was taken to jail at Southport the same afternoon by Constable S. J. Rowell, of North West township, who came over after the prisoner. George Roderick, of Wilmington, was taken over at the same time by the constable but the investigation showed no implication of him in the alleged theft and he was forthwith discharged. It was alleged that young Canady stole the ox several weeks ago and brought it to Wilmington, disposing of the animal by sale to Mr. Jim Holland, a butchtr in Front street market. Mr. Holland testified against the prisoner and did what he could to have him arrested when he discovered that the ox was stolen.

Cotton and Naval Stores.

The posting of the weekly stock report at the Chamber of Commerce yesterday showed receipts of cotton for the past week to have been 4,783 bales against only 85 bales during a corresponding period last year. Receipts since September 1st, have been 371,453 against 326,456 same period last season. There was a further break in the market yesterday, New York spot having been quiet at 10.40 for middling. Naval stores receipts the past week show a falling off in all items over same week last year. The crop year receipts to date, however, show a gain in all items except tar in which there is a shortage of about 2,000 barrels. There is a difference of only one cask of spirits in favor of this year up to the present, the falling off in receipts during the past week having been very marked.

Big Picnic at Willard.

D., pastor of the First Presbyterian church, in the absence of Dr. McClure, pastor of the family. MR. GORE PRESIDENT

Head of Giant Cotton Mill Interests in Marlboro County South Carolina.

ELECTED ON WEDNESDAY

Four Factories at McColl's and Bennettsville Under His Executive Management—Retains His Residence in Wilmington.

Mr. D. L. Gore, Wilmington's leading capitalist, one of its foremost business men as head of the D. L. Gore Company, wholesale grocers, largely interested in Wilmington's banking institutions and having large private interests here, has just been honored with election to the presidency of the Marlboro Cotton Mills, a consolidation of four large factories, capitalized at one million dollars, at McColl's and Bennettsville, S. C. The election of Mr. Gore took place day before yesterday at the annual meeting of the directors of the corporation and his selection to the position of chief executive of the large interests is a decided compliment to his ability as a financier and all round business man.

Three of the mills are located at McColl's and the fourth at Bennettsville. They are among the largest in this section. Mr. Gore has been president of the Great Falls Manufacturing Company at Rockingham, N. C., for several years and is not without successful experience in cotton milling. His selection to the presidency of the Marlboro Mills is hailed with delight by the stockholders and others dependent upon the giant industry, of which he is now at the head. A large block of the stock in the consolidated mills is owned in Wilmington, and his election will be interesting as well as gratifying news to them.

For the present the duties of the presidency of the Marlboro Mills will require a greater portion of Mr. Gore's time in McColl's and Bennettsville, but Wilmington will not lose him as a citizen or as an active participant in its business affairs. Mr. Gore will retain his residence here, making weekly visits to Marlboro and to his Great Falls mill at Rockinham, of which, Mr. Claude Gore is secretary and treasurer. The mills at Marlboro are already on an excellent footing, but it may be expected that they will go still further to the front under Mr. Gore's administration.

HELD FOR VAGRANCY.

White Man Fined $25 and Costs by Justice Yesterday.

Clarence Thompson, the white man of prominent family arrested Thursday night upon complaint of residents in the northern section of the city, was arraigned before Justice Furlong yesterday on a charge of vagrancy. He was represented by George L. Peschau, Esq. There were a number of witnesses for the prosecution, but Thompson was the only witness for the defence. He said that he had employment at intervals at the Angola Lumber Company, and that so far as a means of support is concerned, he has an income of $30 per month from his father's estate. Mr. Peschau argued that in that event the prisoner was not a vagrant under the law, but Justice Furlong ruled under the evidence for the prosecution that he was guilty and placed a fine of $25 and costs upon him. Mr. Peschau immediately gave a notice of appeal to the Superior Court and bond was fixed at $100. The bond was not given and Thompson was re-committed to jail. Mr. Peschau speaks of applying to the judge riding this Superior Court district for a habeas corpus for the prisoner, but whether he will continue in his purpose to do so will be decided by him to-day. Thompson is a son of a former treasurer of the old W. & W. railroad, and has relatives of prominence in the North. He said yesterday that he would not apply to them for assistance in his troubles. Unless the bond is given or the habeas corpus writ is obtained he will remain in jail until Superior Court meets July 24th.

THAT "WIRE TROUBLE."

Manager Sale, of Western Union, Takes Exception—The Situation.

Wilmington, N. C., July 14, 1905.

Gentlemen—As the public are well aware that we provide a wire for the Associated Press as long as there is one on the poles, your article this morning will naturally have a tendency to have the public withdraw their business to-day upon the supposition that our facilities are crippled when as a matter of fact they are not and were not last night. The whole trouble being on account of the Associated Press man being incapacitated.

I think some correction should be made through columns of your paper, and before again publishing an article to the effect that our facilities are crippled that you confer with the writer.

Yours very truly,
W. G. SALE, Manager.

We take pleasure in printing the foregoing. But the statement made in our paper yesterday that the wires were "in trobule" did not originate in the Star office, but came direct from The Associated Press operator, who is subbing for Mr. Runge. We did not know the operator was incapacitated, consequently we accept his statement at its face value.

We do not think the point made by Manager Sale, that we should have conferred with him in regard to the "wire trouble," is well taken. The operator, who is right at the "key," is the man who knows—or who ought to know—whether or not the wires are in "trouble."

FOR ONE YEAR $4.00

Positively, no subscription will be taken at the reduced rates for a period less than six months. For one month the price will be, as heretofore, $1.25 for three months; or, fifty cents for one month.

This offer, as will be noted, is for a limited period only, and is made for the purpose of giving those who appreciate the value of a daily newspaper an opportunity to read the STAR for six months, or more, at a cost of about one and a quarter cents per copy, and then determine whether or not they will continue their subscription at the regular price.

No name will be entered on our books under this offer unless the order is accompanied with the cash.

While this proposition is made primarily to secure new subscribers, old subscribers outside the city may avail themselves of its advantages at the reduced rate provided they pay all arrearages and for not less than six months in advance.

On account of the heavy expense attached to our city circulation department this offer does not apply to city subscribers.

PROTECT THE JURY SYSTEM

The conviction of J. Rowan Rogers and J. P. Sorrell at Raleigh, on Thursday, involving a charge of embracery, for attempting to influence the jury in the Gatis vs. Kilgo-Duke libel suit, tried at the June term of Wake Superior Court, gave Judge W. R. Allen an opportunity in his charge to the grand jury to speak words of wisdom as to the importance of preserving from influence, taint or corruption the freeman's right of trial by jury. Judge Allen is reported by the Raleigh News and Observe to have said in part:

"After the two verdicts had been rendered Judge Allen sent for the grand jury and charged them specifically on the question of embracery. He stated that while he had mentioned the crime in his charge, he had referrd only to the outlines of the offense and had refrained from going into particulars because he knew of the cases pending and wished the defendants to have in every sense of the word a fair trial. He stated that the safety of the people was largely dependent upon the jury system, their safety of life and safety of property. The jury system could be worth nothing unless it was properly administered. Anything which tended to weaken its administration weakened the government itself. Unless there was a proper appreciation of the jury system, there could be no proper and just administration. In these cases, he said, it was the first time that the matter had been brought prominently before the people of the State. It was proper in its very inception that the matter should be investigated and subjected to the closest scrutiny. He stated that he had ordered all the jurors who had been summoned to the term of court to which the jurors who had been approached were summoned, to come before the grand jury as witnesses. He wanted each one of thes jurors to be taken separately by grand jury and closely examined as to whether they had been approached and as to whether they knew anything whatever about attempts to influence the jury. If there were other witnesses, said he, the grond jury should summon them. If they wanted other testimony the court would see that they were given opportunity to have it. It would pay the county, declared Judge Allen, to keep the jury as long as might be necessary if they should succeed in going to the bottom of this matter of attempting to corrupt and influence the juries."

It makes no difference whether Rogers and Sorrell acted in their own behalf in attempting to influence the jury, or whether they were instigated by others to do it, a wholesome example should be made of them. If there are others behind the scenes, and we are not inclined to believe that there are such, no effort should be spared to reach them also. Judge Allen's strong words to the grand jury justify him in making the punishment all that the law will warrant him in giving. Juries and courts in North Carolina must not be tampered with and we believe that Judge Allen and our other up-right judges will see to it that a beginning of it will have a bad ending for the people who attempt it. Not much less heinous than murder is the offense of influencing or bribing juries to sell out any man's right to a fair and impartial trial in the courts.

THE PEARY EXPEDITION.

The New York Tribune editorially remarks that those who have sympathized with Peary's desire to seek the North Pole again will rejoice at the removal of the obstacle which for several days has delayed his departure. In addition to the amount previously put at his disposal by the Peary Aretic Club, he wanted $50,000, and $51,000 has now been advanced in sums ranging from $1,000 to $25,000. These gifts are all liberal, but that of Mr. Jesup derives special significance from the fact that it supplements what he had already contributed. He is the president of the organization which is backing Peary in the present venture and which sent him North five or six years ago. When it is remembered that Mr. Jesup has in the meantime been promoting other important and costly researches, it will be seen that he is an exceptionally generous parton of science.

The offer of $25,000 made by the owners of the New York Hippodrome, to be divided among Peary's crew in case the Pole is found within the next eighteen months, is also commendable, though it is not an unconditional gift. The idea originated with the explorer himself. While he might have counted on the loyalty and enthusiasm of all in his company, there can be no doubt that the promise of a bounty will lend additional stimulus to their efforts. While practically everything he desired in the way of equipment, and with this encouragement to his men, Peary certainly should go off with a cheerful heart.

WRIGHTSVILLE BEACH WILL BE A PORT.

In a letter from Wrightsville Beach a correspondent writes to the Charlotte Observer of Thursday:

"Lately with the assistance of a grizzled old sea dog here, who takes out parties to the fishing grounds, I have been investigating the sounds in Eastern Carolina. I find there are 14, beginning just below Carolina Beach and extending almost to the Virginia line, to-wit: Myrtle Grove, Masonboro, Middle, Wrightsville, Topsail, Stump, Brown, Bear, Bogue, Core, Pamlico, Croatan, Albemarle, Currituck. This is the 'continuous waterway,' and the Hon. John H. Small, Congressman from the first district, is eternally right in urging the national government to develop it."

There are plenty of people, who believe that Mr. Small's long talked of inside navagable route is coming. When vessels get to running by that route, Wrightsville Beach will be a port as well as a delightful seaside resort.

COTTON MARKETS.

New York, July 14.—The cotton market had another sharp break during the middle session, but after selling more than $1.50 a bale below the closing figures of yesterday, rallied on active covering and closed at a net loss of only five to eleven points. Sales were estimated at 600,000 bales. The opening was easy at a decline of 4 to 8 points under a continuation of the bear pressure noted on the previous day but the cables were a shade better than expected and while the weather was generally good there was a moderate demand and with offerings comparatively light the market soon after the opening rallied to a net advance of about 5 to 7 points. Following this there was a renewal of weakness based on continued reports of free spot offerings and around midday the bears became aggressive, forcing declines that caught heavy stop orders in the hands of wire and commissoin houses and throwing the general list into confusion. Before the decline was checked, October had sold at 10.06 and the general list was 30 to 34 points net lower. In the late trading there was active covering by shorts for over the week-end and the market was firm at the closing figures.

Truths that Strike Home

Your grocer is honest and—if he cares to do so—can tell you that he knows very little about the **bulk** coffee he sells you. How *can* he know, where it originally came from, how it was blended—**or with what**—or when roasted? If you buy your coffee loose by the pound, how *can* you expect purity and uniform quality?

LION COFFEE, the LEADER OF ALL PACKAGE COFFEES, is of necessity uniform in quality, strength and flavor. For OVER A QUARTER OF A CENTURY, LION COFFEE has been the standard coffee in millions of homes.

LION COFFEE is carefully packed at our factories, and until opened in your home, has no chance of being adulterated, or of coming in contact with dust, dirt, germs, or unclean hands.

In each package of LION COFFEE you get **one full pound** of Pure Coffee. Insist upon getting the genuine. (Lion head on every package.)

(Save the Lion-heads for valuable premiums.)

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." SPIRITS TURPENTINE.

—The reunion of William J. Houston Camp of Confederate Veterans will be held on Thursday, August 3rd, at Kenansville. Hon. J. Bryan Grimes, Secretary of State; Congressman Chas. R. Thomas, and Dr. B. F. Dixon will be the orators of the day.

—Mrs. R. L. Gilkey, formerly Miss Berta Wright, of Washington, N. C., died at Marion, N. C., on July 12th, after an illness covering some weeks. She was a devoted wife and consecrated Christian, and her death casts a gloom over the whole community.

—Raleigh News and Observer: Rev. R. J. Bateman, lately of Mount Olive, who has again accepted the pastorate of the Fayetteville Street Baptist church, will travel for some time this summer in the interests of the Baptist University for Women before beginning his pastorial work here.

—Mississippi has made the book "Agriculture for Beginners," by Profs. Burkett, Stevens and Hill, of Raleigh, compulsory in the schools of that State. Prof. Massey delivered several lectures at the Mississippi summer school recently, and spent a few days in Georgia, which State is experiencing an awakening for a better agricultural college.

—The race for the position of postmaster at Clinton is now on, and is warming up, waxing warmer day by day. Messrs. V. J. Arthur, Chairman Board County Commissioners; T. E. Owen, Republican Elector for the 3rd district in the last election, and Mr. T. Britt, Assistant Postmaster, are candidates. Don't know yet who is on the inside track.

—Newton Enterprise: Mr. Forney Wilson's crop of wheat of 65 acres threshed out 1,200 bushels. He has sold 1,000 bushels of it to the Newton Roller Mill for $1,000. He will keep back 200 bushels for bread and seed wheat. The only cash paid out on this crop was $70 for fertilizer. Where a man does all the work with his own family, as in the case of Mr. Wilson, it will be seen that there is a nice net return in raising wheat, as well as in raising cotton.

—Raleigh News and Observer: Prof. W. F. Massey, of A & M. College, has returned from his vacation in the South, and while in Mississippi he made a study of the agricultural conditions of that State. Cotton fields there were desolate, as heavy and long continued rains had washed the fields, destroying the crops. The losses to the farmers amounted to many thousands of bales of cotton, and the loss is irreparable. Prof. Massey believes that the estimated reduction of cotton acreage is not exaggerated, but rather will be largely increased, and asserts that the crop this year will not exceed nine million bales.

—Walter S. Grady, who was arrested in Norfolk on the charge of an attempted criminal assault upon Miss Lou Godwin, of Kenly, several days ago was taken back on Thursday to Kenly, where it was claimed the crime was committed. He was, however, met by Justice Barnes, who had issued the warrant, and who told the officer to release Mr. Grady at once, the warrant having been withdrawn before the return of Mr. Grady from Norfolk. This was done and Mr. Grady is now back at his work with the Singer Machine Company in Goldsboro. Mr. J. W. Crady, a brother of Walter Grady, says that the latter did not leave the State with the purpose of seeking to evade the law.

—A dispatch from Durham, on Thursday says: H. C. Fowler has been in a small mecantile business in North Durham for some time, and from Mrs. Fowler, who applied to officers to-day for relief, it is learned that this morning he sold out the little stock of goods, took the horse and buggy belonging to his wife and skipped. It has since developed that he gave various notes and mortgages on property owned by Mrs. Fowler, who was a widow when she wedded Fowler, and with this money, has gone to parts unknown. Mrs. Fowler thinks that he must have close to $1,000 in money that belongs to her. This afternoon claim and delivery papers were issued with the view of setting aside the sale of the stock of goods, and later other proceedings will be instituted.

—Charlotte Observer: A. J. McKelway has instituted suits for libel against The Observer and Chronicle on account of an editorial which appeared originally in the former paper on the 20th of June and was copied in the latter. It is reported that he has started similar suits against papers in thi and other States which have copied or commented favorably upon the editorial referred to. Summons, returnable at next week's term of the Superior Court of this county, were served last week upon the two papers named, this succeeding the legal demand upon them for retraction and apology. The complaint will be filed at the court next week and the defendants will have until the next term to file their answer. Ex-Governor C. B. Aycock, Messrs. Pharr & Bell, E. R. Preston and C. H. Duls will represent the plaintiff, while Judge Armistead Burwell, Messrs. C. W. Tillett and Osborne, Maxwell & Keerans will appear for the defence.

—A dispatch from Elizabeth City on Thursday says: A story has reached here from Columbia, in Tyrell county, which states that early Wednesday morning a room in the hotel there occupied by Solicitor Ward and Hon. W. M. Bond was attacked by a number of men interested in the illicit sale of liquor. It is also stated that about 2 o'clock that same morning Mayor Woodley's residence was fired into by the same crowd, the weapons used being rifles and pistols. Several window panes were broken, it is said, but no one was hurt. These facts are given to a party who arrived at Edenton to-night, coming from Columbia. It is reported that the liquor men were trying to revenge themselves on Ward and the Mayor for something they claimed these gentlemen had done to them. It is thought that the crowd were composed of blind tiger men who had been run down and prosecuted by Solicitor Ward, and who were out on bail. Seven or eight of the number, white and black, have been arrested. Our informant, however, is unable to give their names.

DOING THEIR DUTY

Scores of Wilmington Readers are Learning the Duty of the Kidneys.

To filter the blood is the kidneys' duty.

When they fail to do this the kidneys are sick.

Backache and many kidney ills follow;

Urinary trouble, diabetes.

Doan's Kidney Pills cure them all.

Policeman R. E. Smith, who lives with his family at 213 Boundry street, Goldsboro, N. C., says: "I have used Doan's Kidney Pills and have been very well pleased with them. They did me so much good that we decided to try them on our little boy who seemed to be suffering from a weakness of the kidneys. He could not hold his urine and we have had to lift him out of bed several times at night or he would pass it in his sleep. Since giving him the pills we have been entirely relieved of this annoyance. My trouble was with my back. I always had a pain right across the small of it, and the secretions were dark colored and heavy with sediment. Since I used the pills my back is much stronger and does not ache at all and the urine has been cleared up to a natural condition. I certainly advise all sufferers from kidney troubles to try them."

RUSSIAN TROOPS MURDER OFFICERS

Rumor That Caucasian Regiment Has Joined Revolutionists Near Tiflis

BAND OF TERRORISTS CAUGHT

Fully Equipped to Make Bombs and Forge Passports—Envoy Witte Will Be Controlled by Czar—Censorship Renewed.

By Cable to The Morning Star.

St. Petersburg, July 14.—M. Witte had a prolonged audience with the Emperor this afternoon at which the whole subject of peace negotiations between the two nations was gone over in details. The difficulties of the situation were freely discussed and indications were given that His Majesty is more apt personally to govern M. Witte's course than the formal instructions which have been given him. M. Witte will leave St. Petersburg next Wednesday for Paris, sailing as previously announced from Cherbourg, July 26th, on the North German Lloyd steamer Kaiser Wilhelm Der Grosse. At M. Witte's personal solicitation M. Korotovitz, one of the ablest young diplomats who formerly was secretary of the Russian Legation at Pekin, will be attached to the Russian mission.

Russian Troops Murder Officers.

Tiflis, Caucasia, July 14.—A regiment of Russian sappers, stationed at a small village in the mountains near here has murdered all its officers and it is rumored has joined the revolutionists.

Witte May Not Go.

St. Petersburg, July 15.—2:20 A. M.—A report was current early this morning that M. Witte might not go to Washington after all. According to the story his audience with the Emperor was anything but smooth, His Majesty rather resenting M. Witte's plain spoken ideas and indicating that under the circumstances he would prefer that Baron Rosen should act as Chief Plenipotentiary. M. Witte is said to have left the Emperor in an ugly frame of mind and to have frankly informed Count Lamsdorff that it would be impossible for him to undertake the mission. It was only by the greatest effort, the story says, that the foreign minister succeeded in persuading him not to flatly refuse, and that the question as to whether he will go to Washington is said to be still open.

Although The Associated Press heard this story from a high personage, it is sent under great reserve, as it may prove to be an invention.

Press Censorship Revived.

St. Petersburg, July 14.—The government censorship now under the direction of General Trepoff, Assistant Minister of the Interior, has been revived with all its pristine vigor. A blanket order has been issued prohibiting the publication of any news relating to strikes, disorders or revolutionary activity.

Band of Terrorists Captured.

St. Petersburg, July 14.—A band of terrorists fully equipped to manufacture bombs and forge passports was captured in a house near the Fontanka Canal last night. The police surrounded the building occupied by the desperadoes, but the inmates fought them off with revolvers. After the police had received reinforcements the whole gang were made prisoners. Several of the policemen were wounded.

FIGHT THEATRICAL TRUST.

Shuberts and Minnie Maddern Fiske in Combination.

By Wire to The Morning Star.

New York, July 14.—Announcement of a new combination of prominent actors in America against what is known as the Theatrical Trust was made to-day by Lee Shubert, of S. Shubert and Lee Shubert. The leading companies in the new combiation are those headed by David Belasco and Mrs. Minnie Maddern Fiske. Lee Shubert will manage the line of theatres which will be placed at the disposal of Mr. Belasco, Mrs. Fiske and others.

The new combine will back fifteen companies on the road, and such actors as Sarah Bernhardt, Ada Rehan, Jefferson De Angeles, Henry Miller, Lillian Russell, Davie Warfield, Blanche Bates, Bertha Galland, Robert Hilliard, Mrs. Fiske, Bertha Kalisch and Mrs. Leslie Carter. These actors, under the new management, expect within another week to have a sufficient number of theatres on their own circuit, in America and England, to play in the year round. Mr. Shubert announced to-day that his company now has fourteen play-houses under its control, including theatres in New York, Philadelphia, Chicago, St. Louis and London, England, and that he would within a week be able to open about half a dozen more theatres to his attractions, among them a house in Boston. Besides these places, the new combination is counting on the support in independent houses all over the country. The amendment by the theatrical syndicate managers, of a contract which Mr. Shubert says he made with them, agreeing to pay them 25 per cent. profits of the syndicate's attractions booked at his theatres, was the cause of his break from the trust ranks. His friendliness toward David Belasco during the last two months, he said, was a cause of trouble.

COTTON SLUMPS OFF $5 A BALE.

Holders Selling Spot Cotton and Good Weather The Cause.

By Wire to The Morning Star.

New York, July 14.—After a comparatively quiet and steady morning there was a renewal of active selling in the cotton market, which caused another severe break in prices and carried the trading range more than $5 a bale below the high point of last Monday. Continued reports of free spot offerings and good weather encouraged bearish operations and the decline forced heavy liquidation. October which had closed last night at 10.58 and sold at 10.64 this morning broke to 10.26 in the afternoon and the general list showed a net decline of 30 to 34 points. In the late trading active covering caused a sharp rally, and the market closed firm at a net loss of only 5 to 11 points. The sales of the day were estimated at 600,000 bales.

FURIOUS RACE RIOT IN NEW YORK STREETS

Negroes and Whites Shoot and Throw Missiles and Many Are Seriously Injured.

By Wire to The Morning Star

New York, July 14.—"San Juan Hill" the district bounded by Amsterdam and West End Avenues and 61st and 63rd streets, so-called because of its notoriety as a battle ground, was the scene tonight of a furious race riot which required 250 policemen to quell after many shots had been fired and several persons had been seriously injured.

The trouble began shortly after 9 o'clock when a policeman arrested Edward Connely for attacking Henry Williams, a negro, and was pursued to the station house with his prisoner by a mob of Connelly's friends hurling showers of stones and other missles. When the station house reserves turned out the whole neighborhood was in an uproar and blacks engaged in desperate struggles in the streets. Torrents of missles were hurled from roofs and windows. Within ten minutes not less than a thousand men, boys and women, black and white were engaged in furious combat. The small party of police were powerless and reinforcements were summoned. On their arrival a cordon was drawn around the whole district and strong patrols made repeated charges down the streets in a vain effort to restore order. They succeeded in taking a few prisoners and were forced to retreat, fighting every inch of the way, and pursued to the station house by a howling mob.

The worst of the fighting was in 62nd. street where from every window and from every roof rained missles while hundreds of shots were fired. Roundsman Patrick Walsh was knocked down by Joseph B. Smith, a negro, who leaped upon him from a stoop and after attempting to shoot him struck him repeatedly with the butt of his revolver. Walsh was finally rescued by his comrades.

Inspector McLaughlin arrived shortly before 9 o'clock and realizing how widespread was the danger, sent hurry calls for reserves. In all there were more than 250 men under command of the inspector within 20 minutes.

Squads of men were taken sent along the roofs of houses on 62nd. street where the fighting seemed heaviest. They walked from West End Avenue to Amsterdam, clearing the roofs and found that many chimneys had been torn to pieces to furnish ammunition to the rioters and in the corners of roofs were mounds of bricks, pottery and bottles. More arrests were made and several whites and negroes were rescued from gangs of assailants, but desultary combats continued.

Inspector McLaughlin and Captain Gallagher while passing through rescued Michael Jacoby, a white man, who was being beaten by two negroes armed with rocks. The negro escaped.

The rioting spread down to 57th street and up to 68th street, although the hardest battles were fought between 61st. street and 63rd. streets. For more than half an hour cars on the Amsterdam Avenue line were blocked. Colored men chased by whites took refuge on the cars as they passed and were followed by showers of bricks and stones as they fled. Every window in many cars was broken and pasengers took shelter in neighboring houses. Conductors and motormen hid under the seats, leaving their cars to the mercy of the mob. Several passengers were slightly hurt by stones and broken glass.

Commissioner McAdoo arrived at 11 o'clock and made a tour of the battlefield, the fighting by that time having ceased. He said the riot could not have taken place had not the rougher element been permitted to carry arms. They appeared to have a regular arsenal of weapons as the police found when they searched the prisoners.

In all seven whites and two negroes had their injuries attended to by the ambulance surgeons, but scores of others less seriously hurt were taken to their homes by friends.

Five whites and six negroes, among them women of both races, almost all of whom bore traces of conflict with the police, were arrested.

A picked body of 30 policemen was detailed to occupy the disturbed region during the night and assist the police of the precinct.

ARTHUR BRISBANE ARRESTED.

New York Journal Editor In Custody For Libel.

By Wire to the Morning Star.

New York, July 14.—Arthur Brisbane, editor of the New York Evening Journal, was placed under arrest this afternon on a charge of criminal libel preferred by City Comptroller Edward M. Grout. Mr. Brisbane went voluntarily to court to answer the charge. A hearing in the case was set for Monday.

The editorial complained of by Mr. Grout was headed "Straining at a Set of False Teeth—and Swallowing a Theatre."

It is alleged that Mr. Grout had refused to audit a bill of $40 for false teeth bought at District Attorney Jerome's order for Dodge, the prominent witness for the prosecution in the criminal proceedings growing out of the Dodge-Morse divorce case, but that he had appealed the sale of Mantauk Theatre in Brooklyn to the city. The sale was characterized by the editor as "swindling."

TOBACCO LEAK SAME AS COTTON

Government Report of Crop Conditions Held Up By Secretary Wilson

TOBACCO GROWERS COMPLAIN

The Turst Said to Manipulate Statistics—Secretary Cheatham to Assist in Securing Evidence in Cotton Leak.

By Wire to The Morning Star

Washington, D. C., July 14.—Through the receipt of numerous communications from the South and statements appearing in the press at various times that the statistics of the Department of Agriculture on tobacco were being manipulated in the interests of the so-called Tobacco Trust, Secretary Wilson has begun an inquiry into the subject. Pending the investigation, the publication of tobacco statistics of the several districts will be held up although the regular monthly figures by States will be given out on Monday next.

It was stated at the Department today that special agents have been sent to the dark tobacco districts of Tennessee and Kentucky for the purpose of verifying or correcting the Department's figures. This action, Mr. Hyde, the chief statistician, said was in deference to the sentiment which had been engendeed that the Department's figures were wholly incorrect. Mr. Hyde has been given direct charge of the investigation which it is expected will be concluded within two or three weeks.

Cheatham to Help Prepare Evidence.

Washington, July 14.—Richard Cheatham, Secretary of the Southern Cotton Growers' Association today was in lengthy conference with District Attorney Beach and Mr. Moran, acting chief of the secret service bureau, regarding the recent cotton investigation. Mr. Cheatham proposes to remain here for some time and will assist in the preparation of evidence upon which possible criminal prosecutions may be based.

Got the Hubbards Mixed.

New York, July 14.—President Walter C. Hubbard, of the New York Cotton Exchange, today sent the following communication to the Associated Press:

"Permit me to ask you kindly to correct a misapprehension of the press in regard to my letter to President Roosevelt concerning the disclosures in the Department of Agriculture. I have never written to Secretary Wilson and my letter was not not the sequel to any correspondence with him conducted by my brother, Samuel T. Hubbard when president of the New York Cotton Exchange. My note was prompted simply by the recent revelations and had for its purpose solely to make a clear statement of the attitude of our Exchange."

EQUITABLE'S NEW DIRECTORS.

Mr. D. A. Tompkins, of Charlotte, One Among Twelve.

By Wire to The Morning Star

New York, July 14.—Twelve new directors, were chosen, and the resignations of two old directors and one recently elected, were accepted by the board of directors of the Equitable Life Assurance Society to-day. The directors who resigned were General Louis Fitzgerald, former president of the Mercantile Trust Company; Horace C. Deming, who now is president of that institution, and Fredick G. Bourne, who was chosen at the last meeting of the board. The Mercantile Trust Company is controlled by the Equitable Society. The full list of newly elected directors follows:

To fill vacancies for the term expiring December 31, 1905—Wallace L. Pierce, of Boston; Daniel A. Tompkins, Charlotte, N. C.; Thomas Spratt, Odgensburg, N. Y.; Louis Stern, New York; Frank S. Witherbee, New York; James McMahon, New York.

For term to expire December 31, 1906—Willard F. McCock, Philadelphia; Congressman Charles E. Littlefield, Rockland, Me.

For term to expire December 31, 1907—Nevada N. Stranahan, collector of the port of New York; D. Cady Herrick, Albany.

For term to expire December 31, 1908—Nicholas Murray Butler, president of the Columbia University; Charles H. Zeelander, Philadelphia.

BRADSTREET'S TRADE REPORT.

Optimistic Outlook—Widespread Demand for Cotton Goods.

New York, July 14.—Bradstreet's tomorrow will say:

Mid-summer influences still govern general trade and industry; but better weather and crop reports make up for quite optimistic trade reports in the surplus cereal-producing sections of the West. Very favorable reports as to Fall trade orders come from nearly all points west of the Alleghanies, north of the Ohio river and thence westward to the Pacific. Large though, except in a few cases, not record-breaking crop yields now appear reasonably assured in that entire region, and there is a general agreement that Fall business already booked exceeds a year ago at this date. Less assurance is found in the reports from the western half of the South, where it is feared serious damage has been done by incessant rains to cotton, wheat and other crops, this partially offsetting the favorable influences of the recent heavy advance in cotton prices.

A point deserving note is the widespread activity in the demand for cotton goods of nearly all kinds, which accepts steady advances in prices and orders for more goods.

Business failures for the week number 166 against 203 in the like week of 1904.

SOUTH CAROLINA EDITORS.

Col. Hardwick Tells Them Railroad Legislation is Bad.

Whitestone Lithia Springs, S. C., July 14.—Proposed railroad legislation by Congress and the steady advance in general conditions in the South were discussed in a speech made here tonight by Col. S. H. Hardwick, passenger traffic manager of the Southern Railway. The occasion was the 31st annual meeting of the South Carolina Press Association. Col. Hardwick opposed the enactment of the Esch-Townsend bill, urging that such legislation would put the South back for many years. M. L. Smith, speaker of the South Carolina House of Representatives, also made an address.

WILMINGTON GUN CLUB.

Scores Made Yesterday in Regular Weekly Trap Shoot.

Following are the scores made in the Wilmington Gun Club shoot yesterday afternoon: Ahrens, 4, 5, 14, 21, 17. Davis, 17, 17. Littig, 21, 19, 17. King, 15. Gill, 9, 15, 18. Holmes, 18, 19. Hergenrother, 22, 21. Mercer, W. T., 8. Penny, 21, 16, 22. Warren, 21, 18, 17. Boushee, 19, 21. Scherer, 13. Empie, 24, 26. Pickett, 18, ,22. Loder, 14. Dreher, 15, ,18. Empie, 50 straight—shot 51 times, missing his first bird only.

In the doubles Warren made 15 out of 24; Penny, 19 out of 24, and Empie, 12 out of 14.

Excursionist Ran Amuck.

A drunken excursionist from Faison, N. C., ran amuck at the lower end of the beach yesterday afternoon and for a short while had everything going his way. When Beach Policeman Guy appeared on the scene he was still inclined to be ugly, and but for the timely assistance of Capt. E. L. Hinton, Mr. Marks Nathan and others in the vicinity, the visitor would have given the officer trouble. The excursionist was turned over to Constable Savage, brought immediately to the city and fined by Justice Furlong, after which, he departed on his train at night for home. Several bystanders became involved with the excursionist, and things looked dangerous for a time, but prompt action on the part of Officer Guy and the gentlemen named, soon put an end to the incident.

Wanderings of the Dog Cart.

The dog cart in charge of Policeman I. W. Skipper, is still on its rounds and half a dozen or more canines are being caught each day in the meshes of the "dog net" which is carried on the cart. The dogs are impounded in an enclousure at foot of Chesnut street, residents in the neighborhood of the City Hall having complained that the canines in the pound kept up too much yelping at night when the place of confinement was in that vicinity. The dogs are kept in the pound for a day or two and if the owners do not redeem them by the purchase of tags, they are legally executed. Thus far delinquent owners have been very considerate of their dogs and have paid the tax rather than see the dogs killed.

Wanted at Georgetown.

Upon the arrival of the Clyde Liner Carib from Georgetown, S. C., early yesterday morning William Vanderhurst, colored, was arrested upon a telegram received the afternoon previous from the Chief of Police of Georgetown asking that the negro be taken in custody and held upon the arrival of the steamer. The telegram did not state for what Vanderhurst is wanted. He was arrested by Policeman R. L. Truelove and is held at the police station, awaiting advices from Georgetown. Notice of the arrest was telegraphed to Georgetown by Chief Williams yesterday morning but early yesterday evening no word had been received in reply.

Disorderly Negro Fined.

Walter Davis, the negro arrested Thursday afternoon for disorderly conduct at Wrightsville Beach, was fined $5 and costs in Justice Furlong's court yesterday. There was no evidence that the negro was carrying a concealed weapon. It appears that Davis had been discharged as a waiter at the Hotel Tarymoore, on the beach, and that he had his war paint on for another waiter in the hotel whom he blieved was responsible for his undoing with the hotel management. He was very penitent when arraigned in court yesterday and said he was ashamed of his conduct.

Snatched Purse and Ran.

While men and women were crowding on the Mount Olive excursion train a few minutes before its departure from the A. C. L. Front street station last night about 8:30 o'clock, a negro snatched a purse from a lady who was a passenger on the train. The pocket book was attached to a chain which the lady carried on her wrist and contained her ticket and a small amount of money. The negro broke the chain when he snatched the purse and the lady screamed. Policeman C. E. Wood hurried under the shed and with others surrounded the coach, but the negro made good his escape.

Two Big Excursions Yesterday.

There were about eleven hundred excursionists in the city and on the beaches yesterday. Mr. C. B. Hatch brought a party of between 600 and 700 from Mount Olive and Mr. N. A. Carter brought between 500 and 600 from Elrod and intermediate points. The trains returned with the excursionists last night. The visitors had a wet day of it for their outing but all seemed to be enjoying themselves immensely. Had the weather been better the excursions would have probably brought 1,500 people.

Before the Mayor.

There were only two cases for disposition in the police court yesterday at noon. A white excursionist from Laurinburg named Covington was charged with being drunk but was discharged upon condition that he leave town without further imbibing. Tom Branch manifested an earnest desire to reform and satisfied the Mayor that he had employment on the government dredge Ajax. He said that he would go aboard the Ajax and stay there if the Mayor would let him off. The Mayor took Tom at his word and let him off with the costs.

Funeral of a Child.

The funeral of the little son of Mr. and Mrs. E. L. Holloway who passed away Thursday morning, was conducted at 5:30 o'clock yesterday afternoon from the family residence on Orange street and the remains were tenderly laid to rest in beautiful Oakdale cemetery. A number of friends of the bereaved parents were in attendance upon the funeral service and expressed their heartfelt sympathy.

Baseball at the Park.

The colored baseball team from Augusta won from the Wilmington Black Stockings at Hilton yesterday afternoon by a score of 4 to 3. The visiting team left in the evening for Winston-Salem, having won one and lost one game here with the local colored team.

Fayetteville Train Delayed.

On acount of a freight wreck on the Southern Railway's end of the line, beyond Sanford, the A. & Y. train, due here last night at 8 o'clock, did not arrive until after 2 o'clock this morning. The A. & Y. train of late appears to be "hoo-dooed." It rarely ever reaches here on time.

Contest Ends To-Night.

The bowling contest at Lumina will come to a close to-night at 10 o'clock and the one having the highest score to his or her credit at that time will receive $5 or its equivalent. Mr. C. L. Parker is now "high man" with a score of 178 to his credit. To-day will be the last chance to try for the prize. Don't fail to try.

The Court of Justice Bornemann.

In Justice Bornemann's court yesterday the case of young C. H. McGhee, charged with false pretence, was again postponed for defendant's winesses. The continuance is to July 20th. Justice Bornemann disposed of a number of other cases during the day none of which was important.
